3D PRINTING SOLUTIONS

ABOUT US:

Established in 2008

At **Puzzlebox 3D**, we are passionate about bringing cutting-edge **digital fabrication solutions** to businesses, educators, and innovators. As a leading value-added **distributor of 3D printers**, 3D scanners, laser cutters, CNC machines, and other advanced manufacturing technologies, We **empower** our customers to turn **ideas** into reality with **precision** and **efficiency**.

With over **13 years** of experience, we have built a reputation for delivering **top-tier products**, expert technical support, and tailored solutions that cater to a wide range of **industries**—including education, manufacturing, research, architecture, jewelry, medical, and more. Whether you're a startup, a large enterprise, or an individual creator, we provide the **tools** and **expertise** to help you succeed. We pride ourselves on offering not just products but also **comprehensive training, after-sales support**, and **end-to-end consultation** services to ensure our customers maximize their investment.

Join us in shaping the future of innovation—**one layer at a time**.
